## MOOSE ORGANIZER

## ARRIVES IN THE CITY

Organizer William T. Scully, of the Moose, arrived in Tonopah yesterday, after completing a successful campaign for new members in Ely. He expects to do the same thing here. Regarding his work in Ely the Record says: "Coming to Ely a perfect stranger, Mr. Scully, without resorting to any brass band tactics, proved himself an indefatigable worker for the cause of the Moose and, all told, the local lodge of Moose can give him credit to a large extent in adding a total of 273 new members to the order. Counting those that failed to appear for initiation this is a wonderful record."

## RADICAL SOCIALISM TRIED IN RUSSIA

## PETROGRAD PROPOSES NEW METHODS FOR MEETING STATE DEMAND

(By Associated Press.) PETROGRAD, June 25.—The provisional government has decided to solve by radical state socialistic methods, the crisis caused by a complete lack of manufacturing goods and will issue a decree making M. Plechono, minister of food and supplies, responsible for furnishing the population with all indispensable industrial products, especially textiles, shoes, soap and kerosene. The ministry will manufacture when necessary.

## OIL COMPANIES PETITION FOR WIRELESS APPARATUS

(By Associated Press.) MEXICO CITY, June 25.—Oil companies operating in the vicinity of Tampico have petitioned the government to be allowed to erect and operate wireless stations for conducting their business. The petition is government operators.

## RESCUE EULA WILL CONTINUE OPERATING AS LAING PROPERTY

Herman Zadig says there will not be any change in the officers of the Rescue-Eula as a result of the annual election. He predicts that C. D. Laing will continue president and that Harry Moore will remain superintendent. The veteran operator came direct from the Comstock where he had been looking after interests in that quarter. "You can say that before the end of the week the Virginia-California will be sinking in the ore from the 2700. I was down in the Rescue today and find there is a wonderful showing on the 952 where they are developing a huge orebody. So far as the election is concerned we are almost sure of getting four directors."

## BOYS TAKE AUTO AND REACH ELY

Three boys stole a Hudson Super Six in California last week and hit the trail for the eastern country. Reports from along the road tell of depredations by the lads who were traced to Tonopah where they stole ten gallons of gasoline from the Bonanza mine while the day shift was underground and no watchman was on top. The driver inquired how he could strike the Midland trail without passing through Tonopah. At Curran creek the boys got away with an Arizona number tag from Johnson's ranch and took a Nevada license tag from John Lawton Butler, besides helping them liberally to gasoline. They also stole a rifle from Johnson's.

## BENEFIT FOR THE WOMEN'S RELIEF CORPS TONIGHT

The Tonopah Women's Relief Corps has arranged for a double benefit at the Airdome tonight and Tuesday night for the purpose of raising funds for conducting the excellent work of the order in Tonopah. The ladies under the direction of Mrs. Will Thomas, their president, are beginning early to make provision for the coming time when they will again be called upon to respond to the cry of distress from women and children left without their natural protectors and without any provision against the inclemency of the rigorous season. "The Cabaret Minstrels" and the "Cannibal Isle" will be presented under direction of Harry Ennis, who has had extended experience in conducting attractions in the western country. The best local talent has been in training for the past three weeks and the rehearsals have all show excellent results.

The United States government won't hire men of military age, the Quakers won't receive 'em, the judges won't marry 'em, and they can't emigrate to Canada. Maybe they'll have to enlist.—Chicago Post.

## RESCUE EULA WILL CONTINUE OPERATING AS LAING PROPERTY

It is very gratifying to Mr. Laing to receive so many nice letters from stockholders on declaration of the 2 1/2 cent dividend. It seems very strange that when you consider it is only a little more than a year ago that ore was discovered that the mine should be ranked as a dividend payer. I don't know of any other mine making such a record in that time and it is ridiculous for anyone to send out a circular complaining of the inefficiency of the management. The only answer I can give is that the stockholders of the MacNamara which produced about \$2,000,000 received about \$50,000 in dividends and the company is still owing money for the mill in spite of assessments.

## MEMORIAL SERVICES HELD LAST NIGHT

## KNIGHTS OF COLUMBUS HALL FILLED FOR THE IMPRESSIVE EXERCISES

Tonopah Council, Knights of Columbus, held the annual memorial exercises last evening before a large audience many of whom were relatives of the deceased members for whom the ritual prescribed the day of remembrance. The musical program was beautifully rendered, and Joe Murphy, one of the youngest members of the council, distinguished himself by delivering a stirring appeal to those who were not affiliated with the order. He drew a neat analogy between the order and the mother of a family. Thomas J. Lynch rendered the eulogy in which he dwelt on the advantage of fraternalism. The musical numbers were favorably received.

## TEN DAYS IN JAIL FOR NOT REGISTERING

## AMUSEMENTS

## BUTLER THEATER

Douglas Fairbanks has just completed his first big picture under the production of his own organization for release through the Artcraft program. "In Again, Out Again," is the title of this initial Fairbanks Artcraft release, and it will be shown at the Butler this evening. Staged under the direction of John Emerson, who is responsible for many of Doug's former successes, "In Again, Out Again" presents just what the screen most needs, something different. The scenes of the photoplay are laid in and about New Jersey and present a story dealing with the romantic and spectacular career of a young blood who goes through many trials and tribulations to win the girl of his choice, portrayed in the typical Fairbanks style. All of Mr. Fairbanks' future productions will be released on the Artcraft program and will be shown at the Butler as fast as they are completed. The preliminary reel will be the latest release of Hearst-Pathe News showing all the notable events. Theda Bara will appear in a feature de luxe production on Wednesday, "Her Greatest Love."

## LIBERTY THEATER

Today: Douglas Fairbanks in his greatest production, "Double Trouble," a D. W. Griffith production. Now that this wonderful serial is drawing to a close some of the most exciting battle scenes are being portrayed

## Wonderful Soda--

## That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want! all the old-timers, and the newest ones.
